

## 5. The Vineyards and Termitts Farm rev 7 3½ miles

The walk starts at the Village Hall, Maldon Road.

Walk across the recreation ground to the right of the childrens' play area and go left before the Little Bears Nursery (this was the former Salvation Army Hall). Turn right and cross the road to take the private road beside the old Alms Houses. At the gateway to the final house on the left, continue ahead along the path in front of its garden, across a field to a crossing hedge and ditch. Turn left, walking with hedge on the left to the A12. Turn left to the T-junction, cross over to the pub and then go over the A12 by the bridge. Go down the steps to your left then ahead between the fences between the houses. Follow path round to the right, and then across the field to a metal footbridge across the railway. Continue across next field, then ahead with hedge on your right. Go around a redundant stile then straight ahead. At the end of this field, facing Termitts Farm, turn left and follow the field boundary with Termitts Farm on your right. Keep the further field boundaries on your right until you reach Terling Road at field gate. Take care - busy road! Turn left and return to the Village Hall via Bennett Way and the Recreation Ground
