

TREE WARDEN REPORT

Details	Comments
Application No:	22/01533 TPO 2/74
Location:	Boundary of duck pond /28 De Vere Close Laburnum Way Hatfield Peverel
Description of Proposed Tree Work(s) :	Section fell and dismantle
Date of Site Visit:	18/06/2022
Access Allowed/ Not Allowed/ Not Required:	Yes
Observations: ie leaning, crown density, main stem, ivy, deadwood, broken branches, hazardous Species:	Heavy lean towards neighbouring fence, Previously heavy covering of ivy with thick ivy stems remaining. Very sparse canopy, Broken branches on pond side resulting in lean towards fence, Beech .. identification difficult due to lack of leaf growth.

<p>Approximate Height:</p> <p>Approximate Diameter:</p> <p>Condition:</p> <p>ie fungal infection, cavities dieback, bark, stem or root damage, dead</p>	<p>10- 15 metres</p> <p>Condition poor.</p> <p>Heavy dieback</p>
<p>Recommendation:</p>	<p>I recommend that the tree is felled.</p> <p>It's condition is poor with very little remaining canopy.</p> <p>Due to it's lean towards the residents fence it has now become a hazard to the property</p>
<p>Lesley Moxhay</p> <p>Tree Warden for Hatfield Peverel Parish Council</p>	<p>LEM</p>
