NEIGHBOURHOOD DEVELOPMENT PLAN

WE ♥ HATFIELD PEVEREL

You may have seen Braintree District Council's Notice for the Neighbourhood Development Plan referendum on Thursday 5th September 2024 between 7.00am and 10.00pm at the Village Hall. For those already registered with BDC to vote you should by now have received polling cards. (If you are not already registered to vote, you did need to have contacted Braintree District Council (BDC) on or before the 19th August as highlighted in the official Notice.)

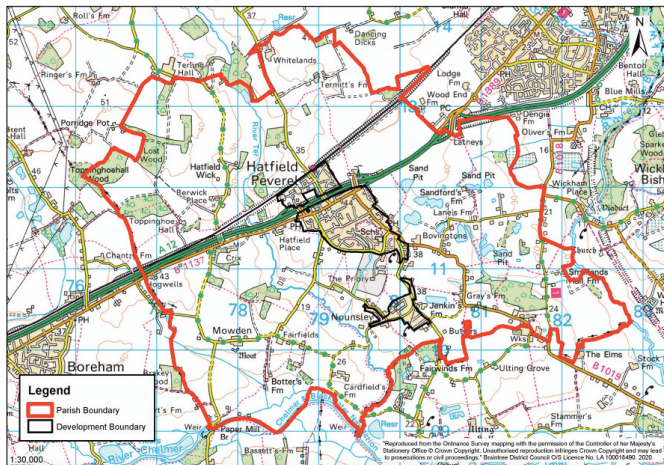

To give a brief history for residents new to the Parish, the Parish Council began work on the Neighbourhood Development Plan (NDP) back in 2014 carrying out extensive engagement and consultation, and finally producing a Plan for examination which reflected the needs and aspirations of the community. Due to circumstances beyond anyone's control there were many delays throughout the process, and the Plan was not finally adopted by BDC until December 2019 to form part of its Statutory Development Plan. Adoption followed a successful referendum held in November 2019 when 847 residents voted 'Yes' and 66 residents voted 'No' for the Plan.

When the Plan was previously examined in July 2019 several Policies were removed which left the Plan short of the community's wishes. In early 2021, The Parish Council therefore agreed that the Plan needed updating, reinforcing and the end date extending from the original 2033 to 2038. Further community events and engagements were then carried out between 2021 – 2023 to take the Plan forward.

The new and revised policies in the reviewed Plan which passed through examination in March 2024 include:

- Development Boundary
- Economy
- Environment
- Facilities and Infrastructure
- Housing
- Design
- Historic Environment

Hatfield Peverel Parish Boundary 2020

Professional consultants were again employed in the preparation of the reviewed Plan which also now includes policies covering design, coalescence and development boundaries which have been evidenced, and are considered to make the latest version more robust than the current adopted version.

Links to historic and current documents for the NDP are below:

[Hatfield Peverel Neighbourhood Plan - Adopted December 2019 – Neighbourhood planning – Braintree District Council](#)

<https://www.hatfieldpeverelpc.com/neighbourhood-development-plan/>

The Parish Council believes the Plan is now more robust and will form a significant part of BDC's Development Plan for the Parish and District and be used in deciding planning applications in the neighbourhood area.

This is your opportunity to have a very important 'say' for the Parish, and we would urge you to vote.

If enough people vote 'Yes' (more than 50% of those voting) then the NDP will be used by BDC. If the reviewed Plan is not supported at referendum, then the current made Plan will continue to be used.

N.B. There are several errors in the current referendum version of the Plan which the Parish Council will address with BDC before the final version is published.

Thank you, and PLEASE DO USE YOUR VOTE.

With songs from Stevie Ray Vaughan, Rory Gallagher, Cream, Gary Moore, Lynyrd Skynyrd, Jimi Hendrix, Led Zeppelin, Dire Straits plus JAD Blues Band original material, this is a night for Blues Rock fans not to miss.

HATFIELD PEVEREL PARISH COUNCIL NEW REFURBISHMENT FOR NOUNSLEY PLAY AREA

The Nounsley Play Area is undergoing an exciting transformation, with refurbishment work set to begin the week commencing 2nd September and expected to be completed by the end of September. This project is the culmination of community consultation by the Parish Council (PC) to ensure the new play area reflects the wishes and needs of residents.

The journey towards this refurbishment began in 2022, when the PC launched a community survey asking residents what types of play equipment they would like to see installed. This consultation was vital in gathering a diverse range of opinions and ensuring the project would be beneficial to as many people as possible.

Councillor Diane Wallace and ex-Councillor Lin Shaw played an integral role in engaging with the younger members of the community. They attended meetings for the Brownies, Guides, and Cubs, where they chatted with the children, shared catalogues of play equipment, and recorded their votes. These sessions were filled with enthusiasm and creativity, providing invaluable insights into what would bring the most joy to local children. The pair also extended their survey efforts to local childminders, ensuring that the play area caters to the needs of even the youngest residents. The results of these consultations have been carefully considered, and the PC

has worked hard to incorporate the most popular choices into the designs for both Nounsley Play Area and the nearby recreation ground.

As part of the refurbishment, some existing pieces of equipment will be removed to make way for exciting new additions, while firm family favourites will be carefully refurbished to extend their life and appeal. The result will be a blend of new and familiar play options, offering something for everyone.

As the refurbishment begins, the Parish Council hopes that the community looks forward to seeing their ideas come to life and to enjoying a refreshed and revitalised play area that will serve as a hub for outdoor fun for years to come.

MALDON CROQUET CLUB SUMMER FUN

Having now firmly established our club at The Keith Bigden Memorial Ground at Hatfield Peverel, Maldon Croquet Club held its annual Fun Day on Saturday, with an excellent hog roast provided by Millins of Tiptree.

Club chairman Graham Parker won the members' prize in the Fun Croquet competition and the visitors' prize was taken home by Malachy Umfreville from Grays.

Our club continues to thrive on our new lawns, with members enjoying play at Roll-up sessions and in various club and national competitions. This year we have fielded two teams in inter club tournaments, enjoyed a weekend away in Kent playing matches against Ramsgate Croquet Club and hosted friendly matches against clubs from Burnham and Mersea Island.

We welcome and support new members – further information can be found on our website <https://maldoncroquetclub.org.uk/>

HADFELDA WALKERS

We are a small group of villagers who meet on the last Thursday of every month for a 3–4-hour duration walk around the local area. Sometimes using cars to take us further afield e.g Terling, Wickham Bishops, Maldon, Heybridge to begin and finish the walks.

Typically, the walks are of 4-5 miles duration at a reasonable pace and a refreshment stop is sometimes scheduled particularly in the summer months. There is no subscription, fees or membership, it's all free.

Recent walks have visited Toppinghoe Hall woods for the annual bluebell display, Little Braxted, Wickham Bishops, Papermill Lock and many more local and further afield areas.

Our next two walks are on Thursday 29 August and Thursday 26 September meeting outside the Village Hall by the recycling site at 10am. Last month a small group walked along the River Chelmer towpath to Papermill Lock and sampled the various delightful calorific offerings available in the lock café and burnt off the extra calories on the return walk across the fields.

New members who would like to explore the local area are particularly welcome to join us but please do not bring your family pets. If you would like more information, please contact Graham Bushby on 01245 380472.

THE WESTERN FRONT ASSOCIATION, ESSEX BRANCH THE GREAT WAR IN AFRICA

At the next meeting on September 11th, at the Village Hall Hatfield Peverel, South African born historian Dr. Anne Samson will be presenting her talk **“Introduction to the Great War in Africa”**. She has published several books about the war in Africa and is a keen supporter for education development in the southern part of that continent.

World War One was truly a global conflict, but to a very large number of people, there is only knowledge of British involvement in the fighting in Europe, The Western Front, and possibly major naval actions such as the Battle of Jutland.

One of the longest campaigns was the war in Africa, where most of the great European states had colonies. Fighting there started right at the outset in August 1914 and ceased a week after the fighting stopped after the 11th of November 1918. However, I suspect that many of those with a keen understanding of the history of the First World War, me included, have little knowledge of the details of this campaign.

This talk provides an overview of how Africa became involved in the First World War, and why British Africa was involved. It will outline the four main campaigns (Togo, Cameroon, southwest Africa / Namibia, and East Africa) and touch on Egypt. It also examines other peacekeeping encounters during the war. Only two white British units participated in the war in Africa, the rest were either African-raised, or Indian, West Indian, or composite forces.

In closing, the talk compares the experience of the African campaigns with the Western Front.

We meet from 7:30 for an 8pm start in the room just off the bar area in the Village Hall and request an entrance donation of £3.50.

We produce a monthly newsletter, sent as an email with attachments, which gives information about Branch activities, articles remembering the fallen from the war with an Essex connection, and articles that may be of interest. This is free. If you would like to receive it email essexwfa@googlemail.com

We would use your email address purely for the purpose of the newsletter and you can, of course, unsubscribe at any time.

STEFAN TABACU

MAINTAINING HEALTH & FITNESS AS WE AGE

Hello again, everyone!

It's Stefan here, your local mobile personal trainer and physiotherapy student. Previously, I introduced myself and shared some insights on the importance of health and fitness for all ages, particularly as we get older or lead sedentary lifestyles. This month, I want to dive deeper into the specific benefits of staying active as we age and share another practical exercise tip.

The Importance of Staying Active as We Age

As we grow older, our bodies undergo numerous changes, including a natural decline in muscle mass, bone density, and metabolic rate. These changes can lead to a higher risk of chronic diseases, decreased mobility, and a general decline in quality of life. However, the good news is that regular physical activity can significantly counteract these effects and help us age more gracefully and healthily.

Here are some key benefits of staying active as we age:

- 1. Improved Cardiovascular Health:** Regular exercise strengthens the heart and improves circulation, reducing the risk of heart disease and stroke.
- 2. Maintained Muscle Mass and Strength:** Strength training helps preserve muscle mass and strength, which are crucial for daily activities and preventing falls.
- 3. Better Bone Health:** Weight-bearing exercises, such as walking and resistance training, can help maintain bone density and reduce the risk of osteoporosis.
- 4. Enhanced Mobility and Flexibility:** Staying active keeps our joints flexible and improves our range of motion, making it easier to perform everyday tasks.
- 5. Mental Health Benefits:** Exercise has been shown to boost mood, reduce stress, and improve cognitive function, which is essential for mental well-being as we age.
- 6. Chronic Disease Management:** Regular physical activity can help manage and prevent chronic conditions such as diabetes, hypertension, and arthritis.

Exercise Tip of the Month: Chair Squats

This month, I want to introduce you to chair squats, an excellent exercise for building leg strength and improving balance, which is especially beneficial for older adults. Chair squats are a fantastic way to build strength and stability, making everyday movements easier and safer.

- 1. Start Position:** Stand in front of a sturdy chair with your feet hip-width apart and your arms extended forward for balance.
- 2. Lowering Phase:** Slowly bend your knees and lower your hips as if you are going to sit down in the chair. Keep your weight in your heels and ensure your knees do not go past your toes.
- 3. Sitting:** Lightly touch the chair with your bottom without fully sitting down.

- 4. Rising Phase:** Push through your heels to stand back up to the starting position, squeezing your glutes as you rise.
- 5. Repetitions:** Aim for 10-15 repetitions, gradually increasing as you become stronger.

I hope you find this information helpful and motivating. Remember, it's never too late to start incorporating physical activity into your daily routine, and even small steps can lead to significant improvements in your health and well-being.

Join us at Strutt Memorial Recreation Ground for our community fitness class, where we can work together to achieve our fitness goals in a supportive and friendly environment. Stay active, stay healthy, and see you next month with another exercise tip!

HADFELDA (LADIES GROUP)

SUMMER FUN & LOOKING AHEAD

Our members certainly enjoyed their cream tea in July, as you can tell from the smiling faces! The church hall looked very welcoming as the tables had been decorated with flowers, pretty serviettes and matching china. Best of all were the piles of freshly made scones, pots of jam and clotted cream, and plates of cakes. Several people went home with goody bags including the vicar who just happened to be passing at the right time!

August has become our 'Members Month' when we are regaled with tales of fascinating childhood memories, various adventures and travels, demonstrations of craft and amusing readings or poems. What interesting lives some people have.

Looking forwards, 25th September is our Harvest lunch and 23rd October we have a talk from the RNLI. We meet on 4th Wednesday of every month at 2pm in St. Andrew's Church Hall. We are a friendly, fun group and are always happy to welcome visitors. Most of our members would agree that the best part of the meetings is the tea and biscuits and having a chat with old and new friends.

If you'd like to give us a try but find the thought of coming on your own daunting, give me a ring! Marel 01245 380827

TERLING WI HERE COMES AUTUMN!

Back in July, we held our annual summer party, which was kindly hosted once again by our President, Lucy. We invited author Ruth Leigh back for a third time (she absolutely loves Terling WI!) and this time she was accompanied by her husband 'Mr Leigh'. Whilst Ruth did some extremely funny writing exercises with us, Mr Leigh cooked us not one, but two delicious paella dishes. One mixed paella, with chicken, chorizo, squid, prawns and mussels, and one vegetarian paella. Both went down a storm, and there was so much food that most ladies were able to take home a doggy bag or two! The weather was on our side this year and the sun shone brightly through the trees all evening, unlike last year when it rained heavily!

As previously mentioned, there was no meeting in August due to holidays etc, so we look forward to welcoming you back on Thursday 26th September for some Line Dancing!

We meet on the fourth Thursday of each month in Terling Village Hall. Terling WI members can attend for free and guests are welcome (guest fee applies).

As well as a friendly welcome and the chance for friendships we serve complimentary tea and cake as standard at our Terling WI meetings.

October 24th: monthly meeting

PEVEREL WINE CLUB PEVEREL EVENINGS IN PARIS AND PURLEIGH!

Our Paris 2024 meeting should have taken place on 10th July in a member's garden, but was postponed due to the terrible weather and the Euro semi-finals featuring England! However, everyone was able to attend a week later in glorious early evening sunshine, and no cliché was left unworn as we arrived in our berets and matelot tops, together with a few Olympians – equestrians, skateboarders, marathon runners and even a Novak Djokovic look-alike. We started the evening outside in style with a very French glass of Kir Royale and some genuine French nibbles, and the official opening ceremony was marked by the arrival of 11-month-old Foster Roberts in his pushchair, carrying (or should that be chewing?) the Olympic Torch. This was followed by our own version of the Olympic Triathlon: shotput (aka boules); javelin (aka darts) and basketball (aka beanbags), a keenly fought contest resulting in Lauren Simpson winning the gold, silver for Trevor Stevens and Judy Lea the bronze.

Then it was indoors for a truly Gallic gastronomic feast provided by members and committee, accompanied by the strains of French accordion music – not quite Céline Dion on the Eiffel Tower, but a close second! The evening finished with a Paris & Olympic quiz set by Jill Shakespear and won by Emma Cook, and we all made our way home in a virtual aura of garlic and Gauloises!

In August we ventured away from the Village Hall again but a little closer to home than Paris – the village of Purleigh

for our annual walking treasure hunt, organised by last year's winners, Rod and Ali Pudney. After some strenuous treasure-seeking around the village, we finished the evening with an excellent supper and treasure hunt marking at The Bell. Despite wanting second place, three couples tied for first: Emma and Nick Cook, Roberta and Andy Snowdon and Sarah and Stephen Roberts. The Cooks and Snowdons have agreed to research every suitable village and village pub in search of a suitable venue for next year's hunt, and we wish them luck and enjoyment in their endeavours!

We are now looking forward to another great evening in September, when the village hall transforms itself into a Munich beer hall for our Septemberfest, an evening of Bavarian food and drink, no doubt accompanied by a few renditions of Ein Prosit! If you'd like to join us for September's meeting – or indeed any other meeting – for a light-hearted and inexpensive evening out, you would always be very welcome. Please give Vee (our secretary) a ring beforehand on 01245 355723 however, to ensure there is enough food and drink for all. (We normally meet on the second Wednesday of each month but with some exceptions). Our website is currently being reviewed, but I can happily send a copy of the exciting 2024 programme if you email me at peverelwineclub@hotmail.co.uk.

WILDLIFE CHAMPION UPDATE

BUTTERFLIES & MEADOW MAINTENANCE

Since my last report I have surveyed the third of the Stonepath Meadows and am delighted to report that, like the other two meadows, Meadow 3 scored higher than it did last year, showing that Hatfield Peverel Parish Council's management of the meadows is working well.

The developers of the new estate seeded meadow 3 so it has a LOT of wildflowers, but I think the balance is improving and the number of negative indicators such as nettles is reducing. Volunteer work has focussed on weeding around the hedging whips at Stonepath Meadows and a butterfly count. Many thanks to Pat, Jackie and Lucy for their help!

Pat and I performed a butterfly count and were pleased to see a good variety of butterflies, mostly gatekeepers but also meadow brown, peacock and comma. They seemed to favour the nettles, so we made a note to maintain an area of nettles in the meadow for future years.

are then removed so that they don't mulch down and provide nutrients to the soil. Wildflowers thrive in a low nutrient soil and the management scheme is designed to gradually reduce the nutrients in the soil. As the meadows become more mature, we will likely reduce the number of cuts to once per year.

If you would like to help working on wildlife-friendly projects around the village, you would be warmly welcomed! Please get in touch if you would like to join us.

Many people have noticed the lack of butterflies in their gardens this year. Experts say this is due to the unusually wet conditions in Spring and early Summer. Climate breakdown means the UK is more likely to face extremes in weather, and the natural rhythms of the seasons that insects such as butterflies are used to can no longer be relied on.

Stonepath Meadows have now had their late Summer cut. The meadows are being managed using a cut and collect regime advised by Essex Wildlife Trust. Meadows 1 and 3 are cut in early Spring and late Summer although we missed the Spring cut this year due to rain. Meadow 2 is cut one half each year in late Summer - this is because it is considered more mature than the other meadows and does not need so many cuts. Half this meadow is left uncut to provide a variety of habitats for wildlife to overwinter.

After mowing, the cuttings are left for a few days to allow wildlife to move to safety and for seeds to fall. The cuttings

Essex Big Weekend 2024

This autumn, Visit Essex is helping local businesses extend the tourism season by offering residents a chance to win exciting prizes.

The Essex Big Weekend, happening from Friday 4 to Sunday 6 October, invites Essex residents to enter a ballot for free tickets to attractions, overnight stays, meal vouchers, and more. The ballot opens on Monday 19 August, with prizes redeemable during the event.

Over 70 Essex-based businesses are participating, including popular sites like Colchester Zoo, Audley End House and Gardens, Hedingham Castle, Hylands Estate, and Colchester Castle.

Councillor Mark Durham, Chairman of Visit Essex, said, "We're eager to support local businesses and extend the tourism season. The Essex Big Weekend allows us to do just that. This year, 70 attractions are involved, offering over 660 prizes—more than ever before. It's a fantastic opportunity for residents to win something special and explore our beautiful county."

Residents could win tickets to Colchester Zoo, Clacton Pier, and Colchester Castle, or enjoy a round of golf or a spa experience. Other prizes include family tickets to Audley End House and Gardens or an adventure at Go Ape in Chelmsford.

Dining and accommodation prizes are also up for grabs. The 1935 restaurant at Holiday Inn Southend offers a Sunday roast for two, and several hotels are providing afternoon tea experiences. Tiptree Tea Rooms are offering a cream tea for two.

For those seeking a getaway, the ballot includes short breaks with overnight stays at various hotels or a £250 voucher for any Lee Valley campsite.

The Essex Big Weekend runs from Friday 4 to Sunday 6 October 2024. The ballot, open from Monday 19 August to Monday 16 September, can be entered at <https://essexbigweekend.co.uk/> where a full list of prizes will also be available.

Harvest time

Whether you run an allotment or are working in your home garden, as we enter the final 4 months of the year, there is not a lot you can plant to expect any kind of Autumn harvest. However, you can certainly harvest most of the things the garden has to offer from previous efforts. There is fruit in abundance: apples, blackberries, pears, plums, and raspberries to name but a few. And of course, all your vegetables — from root veg such as carrots, beets, potatoes, broccoli, and cauliflower, to peas, beans, lettuce, salad leaves, radishes, and spinach. And don't forget there are still tomatoes, cucumbers and courgettes as well as that autumn favourite, squash.

You've probably heard it said many times that it's cheap and easier to buy your fruit and veg in a shop. Well, that may be so! But do we really know what's added to shop veg to make it grow or to keep it fresh for longer? And purchasing from a grocer or supermarket is no match for the satisfaction you gain for having grown it yourself, not to mention the benefits of exercise that gardening provides as well as the delight of working with your hands to produce something organic and fresh at the end of it.

Allotment maintenance

At this time of year, a big part of allotment maintenance includes watering every two to three days as well as hoeing and weeding to keep control of those weeds for an easier start next spring. After the summer sun, comes the rain and with it a sharp reminder of just how prolific these weeds can be with seemingly very little encouragement from any sources. Keeping on top of weeding is the easiest way to maintain your garden or plot.

September's Gardening Jobs

- Prune Wisteria to control growth and size and encourage the flowering display.
- Prune and deadhead apples and pear trees removing damaged fruit.
- Deadhead flowers to encourage another flowering.
- Prune and trim hedges one last time for size and shape.
- Plant spring flowering bulbs in groups between shrubs and herbaceous plants, removing tired summer-flowering bedding plants as you work.
- Tidy beds and borders and divide old clumps of perennials. Replant the younger, outer shoots to make vigorous, lush growth in spring.
- Take cuttings of bay and lavender and place in pots of sand to root in the cold frame.
- Feed acid-loving shrubs such as rhododendrons, camellias and azaleas if they are showing signs of yellowing leaves and not looking healthy and lush. Clear any weeds around them and fork a layer of leaf-mould and well-rotted manure or ericaceous compost into the top few inches of soil.
- On dry cool days pick pears whilst they are still green and hard and store them, unwrapped in trays in a cool place. After a month, bring into the warmth a few at a time to ripen.
- Wrap apples singly in newspaper and store in a dark, frost-free place until required.

Want to join us?

If all this makes you feel you'd like an allotment for yourself we do have a few plots available. For beginners, we suggest half a plot which requires about 8 hours a week till you get it going and 4 hours a week if you are experienced. We have two allotment sites both off Church Road, one (old site) adjacent to the church burial ground and the other (new site) adjacent to the cricket pitch. Currently, our membership costs are £6.00 for a Main Member or Joint Member (attached to Main Member on the same plot) or £3.50 for an Associate Member (insured but has no voting rights). In addition, we charge rental for the plot depending on size (in rods). Currently, the cost per rod is £10.00 and the average size of plot is 3 - 5 rods with some smaller "starter plots" for those wishing to try it out. More information can be found at <https://membermojo.co.uk/hpaa> or click <https://membermojo.co.uk/hpaa/joinus> to sign up for a plot. If you have any questions regarding membership please e-mail the Membership Secretary at membershipsecretary@hpallotments.org.uk
